VISION & MISSION

Our relentless pursuit of progress defines us, and we are dedicated to illuminating the path forward for the UAE's future.

■ Vision

To be the most trusted and innovative provider of low voltage switchgear and control gear solutions in the UAE and beyond, consistently delivering superior quality, exceptional customer service, and pioneering advancements that empower our clients and communities.

■ Mission

At Al Thiqa Elect. Switchgear Assembly LLC, our mission is to deliver high-quality switchgear products and electrical solutions that meet the evolving needs of our customers. We are committed to excellence through continuous innovation, competitive pricing, and timely delivery, ensuring total satisfaction and fostering long-term relationships. With advanced technology and a customer-first approach, we aim to enhance the safety, efficiency, and reliability of electrical systems worldwide.

Product Offerings

- Low Voltage Panels: Designed to handle up to 6000A, available in Form 2, 3, and configurations.
- Main Distribution Boards (MDB): Robust solutions for primary power distribution.
- Sub Main Distribution Boards (SMDB): Efficient and reliable for secondary power distribution.
- Final Distribution Boards (FDB): Precision-engineered for end-user power management.
- Motor Control Centers (MCC): Comprehensive systems for motor control and protection.
- Pump Control Panels: Tailored solutions for efficient pump operation and control.
- HVAC Control Panels: Specialized panels ensuring optimal heating, ventilation, and air conditioning management.
- Automatic Transfer Switch (ATS) Panels: Seamless transition between power sources for critical applications.
- Detuned Capacitor Banks: Advanced solutions for power factor correction and harmonic filtering.
- Bus Bar Risers: High-performance systems for power distribution within buildings.
- Structured Cabling: Integrated infrastructure solutions for data and power.
- Supervisory Control and Data Acquisition (SCADA) Systems: Comprehensive monitoring and control for industrial processes

Commitment to Excellence:

At Al Thiqa, we are steadfast in our dedication to cultivating strong partnerships with our customers and suppliers, fostering an environment built on trust and reliability. We prioritize continuous improvement across all operational facets, leveraging the finest resources and providing our staff with professional training to ensure the highest standards of service and product quality.

Al Thiqa Elect. Switchgear LLC guarantees that each low voltage switchboard we manufacture undergoes rigorous testing to ensure compliance and reliability meeting the exacting standards required by our industry.
